THeLearning

THeLearning

A powerful training platform for the life sciences industry

Techorizon is a worldwide provider of technology solutions for the Life Sciences and supplies advanced solutions and services to the healthcare environment. It is an ISO certified Italian company that combines technical expertise with 15 years of experience and deep understanding of clinical research processes to deliver innovative and customized technology solutions to its clients.

The communication platform for training and sharing clinical project documents'.

THeLearning

To easily find your own personalized Clinical Project training material and documentation.

A unique tool where everyone involved in a clinical project can find their own personalized training material and documentation.

Use the format most suitable for you:

- Training slides
- Videos
- Documents
- Live lessons

All activities performed on THeLearning platform are registered and certified.

THeLearning can also manage Perpetual Training and handle countries' Certification Programs (e.g. Italy's Continuing Medical Education/ECM).

Why Choose THeLearning

- Certified training management
- Sharing of study materials
- Live lessons
- Support and countries' Certification Programs
- Broadcast surgeries
- Monitoring of Corporate communications

The Features

Certified training management

Sharing of study materials

Live lessons

Feel more confident as your clinical training progresses.

Control the training for your clinical projects.

With THeLearning, you can gather all of the training material for the clinical project and provide each user with their own personal training pathway.

The customer can direct the training for all of their active clinical projects from a single monitoring panel.

Perpetual Training and more.

Thanks to the flexibility and ability to plan courses, you can easily fulfill the demands of Perpetual Training required by regulation.

Ultimately, you can maintain and regulate the level of training associated with clinical projects.

Manage your clinical projects training

Provide each user with their own personal training pathway

Up-to-date and personalized study materials in

Study materials are always available.

Each user, from the Investigator to the CRO, can find up-to-date and personalized study materials in THeLearning. You no longer need to configure complex systems for the distribution of files.

In addition, THeLearning allows you to monitor how much and when the material provided is used.

With more than 15 years of experience in the life sciences sector and the proven satisfaction of our clients, we are confident that we can find and tailor a technological solution to help you with your project!
